

Bio Fanny Gauttier

Fanny Gauttier is the EU Public Affairs Lead of the Rainforest Alliance. In this position, she oversees the engagement with the EU institutions on key pieces of legislation, such as the proposed EU regulation on deforestation-free products and Corporate sustainability due diligence directive. Prior to this role, Fanny Gauttier was the Senior Manager for European Policy of Conservation International, where she led the engagement with EU decision-makers on key policies on biodiversity, climate change, deforestation and development cooperation. She also previously served as Policy Officer in the European Bureau of the French Agriculture, where she was in charge of EU policies on environment, climate and energy, as well as the coordinator for the relations with the European Parliament. Fanny Gauttier holds a Master's degree in political science and European studies, and a Master of Arts in European Interdisciplinary Studies from the College of Europe.
